

10112 \$499.00

Power Carver Handpiece Only

We are proud to feature this new air tool. We feel it is the most reliable egg carving tool in the industry. Some of the advantages are: No vibration, Never heats up, Light weight. Comes with a 1 year warranty. Handpiece comes with an instructional DVD for assembly and cutting.

10119 \$425.00

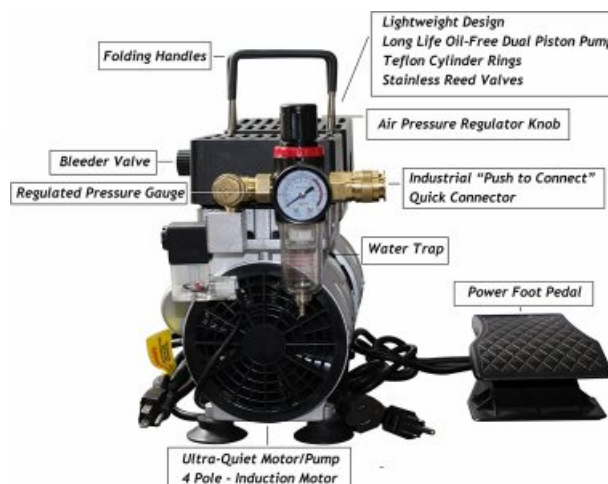

Ultra Quiet, Oil-Free, Lightweight Tankless Air Compressor

Ultra Quiet & Oil-Free Tankless Air Compressor is designed to be one of the quietest air compressors in the industry.

Maximum (non-stop) continuous running motor is 1 hour Max.

Features:

- * Only 25 pounds and easy to transport. * L (16.6") x W/D (8") x H (12.75")
- * 1 Year Limited Warranty * Comes complete with
- Air Filter ~ Power Foot Pedal ~ Regulator/Water Trap

10114 \$175.00 Regulator

This Control Pack delivers clean air under constant pressure.

10115 \$45.00 Foot Control

This electric foot control turns the air compressor on and off with ease.

Replacement Turbine for Turbo-Tec Air Tool.

#10110 \$105.00

10111 \$13.40
Lubricant (Oil)
for Handpieces.

Burs, Drills, and Blades for the Air Tool

All items on this page are designed for the air tool. Burs and drills may be used in the Dremel by using a 482-D (1/16") collet.

199 (699L) Carbide Bur \$5.95

Use for fine filigree cutting.
Has longer cutting edge than 201.
Use on most eggshells.

197 Cutting Bur \$6.95

Great for cutting Emu, Rhea & Ostrich eggs.
Cuts wider lines than 199 but much faster.

198 Carbide Shaver

DISCONTINUED

201 (699) Carbide Bur \$5.95

Also used for filigree cutting. Used
on most eggshells.

203 Carbide Bur

DISCONTINUED

Used for very fine cutting.
Best used on small eggshells

204 Diamond Flame Drill \$13.95

Can be used to cut most eggshells, lasts
longer than carbides.
Use for fine work.

205 Diamond Flame Drill \$13.95

Can be used on most eggshells.
Larger circumference than 204.

212 Diamond Flame Drill \$24.95

Best used on larger eggshells
(Rhea and Ostrich).
Cuts widest line of all burs and drills.

207 Diamond Wheel 3/16" \$22.95

Use to cut eggs in half or cut
ovals, thin blade (.5 mm thick).
Solid surface.

208 Diamond Wheel 3/16" \$12.00

Same size as 207 but longer shaft.

Makes tighter curves than larger wheels.

214 Diamond Wheel

DISCONTINUED

215D Sm. Flying Saucer Wheel \$12.95 -

Makes a tiny petal shape.

216 Med. Flying Saucer Wheel \$13.95

Makes a small
petal shape.

217 Lg. Flying Saucer Wheel \$14.95

Makes a large
petal shape.

NEW

The following burs and drills can be used for
etching, scratch carving, and more. These
burs are designed for the air tool but can be
used in the Dremel using a 482-D (1/16")
collet.

SC217 Diamond Football \$9.95

Finer texture for finer smoothing work.
Good for removing Emu shell layer to
white area.

SC218 Diamond Football \$9.95

Finer texture for finer smoothing work.

SC219 Diamond Football \$9.95

Regular texture for rough shaping.
Develops depth for petals and creating veins.

SC220 Diamond Football \$9.95

Larger version of SC219.
Covers larger areas.

More burs and drills to be used for etching and Scratch carving. Items designed for the air tool, but can be used in the Dremel with a 482-D collet.

SC222 Round Carbide

DISCONTINUED

Use for outlining patterns.
Creates fine rounded line -
good for hair, etc.

SC223 Round Carbide \$4.95

Use for outlining.
Makes a larger line than SC222.

SC224 Round Carbide \$4.95

Heavy removal of top layer of Emu shell.
For removing large areas of Ostrich shell.

SC225 Inverted Cone Carbide \$4.95

Very fine, excellent for outlining for a
sharp straight edge.
Most popular for outlining.

SC226 Inverted Cone Carbide \$4.95

Makes more pronounced lines.
Use on outer edges of patterns.

SC227 Cylinder Carbide \$4.95

Side cutting bur.
For removing, finishing and getting
into small corners.

SC228 Plain Fissure Carbide \$4.95

Use for removing shell.
For corners and tight places.
Makes nice clean edges.

212 Cone End Diamond \$24.95

Smoothing, removing shell.
Makes concave lines.

SC230 Round End Taper Diamond \$9.95

Good for sculpting.
Use on goose eggs and up.
Removes shell faster than 199 or 699.

60 Twist Drill \$3.95

Use for filigree cutting
and drilling small holes
. Requires 483 collet.

301 Carbide Bur \$4.95

Good to drill holes for hinges.
Requires 481 collet.

307 Diamond Wheel 3/16" \$22.95

Smallest wheel available for Dremel.
Require 481 collet.

308 Diamond Wheel 1/4" \$24.95

Medium Size wheel for Dremel.
Requires 481 collet.

945 Sanding Point \$4.95

*Aluminum Oxide.
*Great for drilling holes
to empty eggshells.
*Requires 480 collet.

952 Sanding Point \$4.95

*Aluminum Oxide.
*Good for smoothing.
*Requires 480 collet.

480-D Dremel Collet 1/8" \$3.95

481-D Dremel Collet 3/32" \$3.95

482-D Dremel Collet 1/16" \$3.95

483-D Dremel Collet 1/32" \$3.95

Use the correct size collet for each Dremel accessory.

309 Diamond Wheel 5/16" \$27.95

Largest Diamond wheel for Dremel.
Requires 481 collet.

**311 Sm. Flying Saucer Wheel
\$16.95**

Makes small petal shape, 4mm.
Requires 481 collet.

**312 Med. Flying Saucer Wheel
Back in Stock \$18.95**

Medium Petal Shape, 5mm
. Requires 481 collet.

**313 Large Flying Saucer Wheel
Back in Stock \$19.95**

Largest Petal Shape, 10mm
ReQuires 481 collet.

402 Dremel Mandrel \$4.95

Use to hold cutting discs #14-17.
Requires 480 collet.
